This is to certify the mechanic named in this application has a valid driver license, is of good character and has a reputation for honesty, has adequate knowledge of the equipment requirements of the Motor Vehicle Laws of North Carolina, *has general knowledge of motor vehicles sufficient to recognize a mechanical condition which is not safe*, and will be able to satisfactorily conduct the mechanical and/or emissions inspection as required by the Safety and Emissions Program.

Furthermore, I understand North Carolina General Statutes 20-183.7A(c) and 20-183.8B(c) state that it is the responsibility of the owner of an inspection station to supervise the inspection mechanics employed by the station. A violation by an inspection mechanic is considered a violation by the station or self-inspector for whom the mechanic is employed. Confirmed violations by an inspection mechanic may result in monetary penalties and suspension of the station and inspection mechanic's license.
