

# Financial Aid

## Applying for Financial Aid

Nash Community College makes every effort to provide financial assistance, where need exists, for students whose primary goal is to acquire post-secondary education. While students who qualify for aid are usually assisted, the institution expects that all resources at the students' disposal will be used and that the financial aid will supplement these resources.

## Application Process

All applicants for financial aid at Nash Community College must:

- Complete "The Free Application For Federal Student Aid" (FAFSA) at <http://fafsa.gov> to receive a "Student Aid Report" which determines eligibility.
- Complete and submit documents requested by the Financial Aid Office.
- If additional documents are needed, a Financial Aid Document Request letter will be sent to your campus email account.

## Priority Dates

In order to provide adequate time for processing and awarding financial aid prior to the first day of classes each semester, priority dates are established. Students that submit financial aid applications after the established priority dates should be prepared to pay for tuition, fees, and books. Financial aid award notifications are mailed (electronically or via the U.S. Postal Service) within two weeks of application file completion. Established priority dates for receipt of all required application documents are as follows:

Fall Semester - June 1  
Spring Semester - November 15  
Summer Semester - April 1

Students are encouraged to apply for financial assistance when they apply for admission. To receive financial aid a student must have a high school diploma from an accredited school or high school equivalency and must be admitted to Nash Community College. The Financial Aid Office reserves the right to ask for verification of financial information and uses the standards in the current verification guide of the US Department of Education.

Financial Aid is awarded on the basis of need and Satisfactory Academic Progress. It is essential to apply early (January through March) to be given priority consideration for aid since applications will be processed on a first-come, first-served basis.

Financial Aid is awarded based on full time enrollment. Adjustments to awards will be made based on enrollment status after the ten percent point of the semester.

Due to federal regulations, enrollment status is determined by Clock Hour conversion for all diploma and Pell eligible certificate programs. This conversion process may cause a decrease in a student's financial aid award. (This directly affects students in diploma programs such as Cosmetology, Practical Nursing, etc.)

Financial Aid advisors are available to answer any student questions related to financial aid.

## **Drug Convictions and Financial Aid Eligibility**

Students convicted of drug offenses committed while receiving Title IV federal financial aid may be ineligible for federal financial aid for one or more years from the date of conviction. Federal aid includes: Federal Student Loans, Federal PLUS Loans, Federal Grants and Federal Work Study.

### **Penalties for Drug Convictions**

Possession of Illegal Drugs:

- First Offense: 1 year from the date of conviction
- Second Offense: 2 years from the date of conviction
- Third and Subsequent Offenses: Indefinite ineligibility from the date of conviction

Sale of Illegal Drugs:

- First Offense: 2 years from the date of conviction
- Second and Subsequent Offenses: Indefinite ineligibility from the date of conviction

### **How to Regain Eligibility for Federal Financial Aid After a Drug Conviction**

Students can regain eligibility for federal programs no matter how many or what type of drug convictions they have. Students must successfully complete an acceptable drug rehabilitation program that meets the standards set by Congress and the Department of Education. Students will regain eligibility on the date the program is completed.

#### ***What is an Acceptable Drug Rehabilitation Program?***

An acceptable drug rehabilitation program must require passing TWO unannounced drug tests AND it must either:

1. Be qualified to receive funds from a federal, state or local government agency or program, or from a state or federally licensed insurance company, or
2. Be administered or recognized by a federal, state or local government agency or court, or by a state or federally licensed hospital, health clinic, or medical doctor.

## **Free Application for Federal Student Aid (FAFSA)**

Question 23 on the FAFSA form asks if the student has ever been convicted of a drug related offense. Answering this question falsely, if discovered, could result in fines up to \$20,000, imprisonment, or both.

### **Convictions During Enrollment**

According to the United States Department of Education, if a student is convicted of a drug offense after receiving federal aid, the student must notify the Financial Aid Office

immediately and that student will be ineligible for further aid and required to pay back all aid received after the conviction.

## **Types of Aid**

There are two main types of aid for which a student may be eligible: Gift Aid, which consists of grants and scholarships and does not have to be repaid, and Self-Help Aid which consists of loans and part-time employment. Loans must be repaid.

Each program is regulated by federal, state, and institutional policies. It is essential to consult the Financial Aid Office for details concerning financial aid program specifics, rights and responsibilities of the student, budget information, eligibility criteria, and the application process.

## **Gift Aid**

### **Grants**

A grant is a gift that does not have to be repaid. Grants available include:

### **Federal Pell Grant**

Federal Pell Grants make funds available to eligible Nash Community College students based on enrollment status in a one or two-year curriculum. The actual amount of the grant is determined by the Department of Education. Undergraduate students who have a Bachelor's Degree and/or who are in default of student loans or who have received an overpayment are not eligible for Federal Pell Grants.

### **Federal Supplemental Educational Opportunity Grant (FSEOG)**

Federal Supplemental Educational Opportunity Grants are gift aid for undergraduates with exceptional financial need. Pell Grant recipients with the lowest Expected Family Contributions (EFCs) are given first priority.

### **North Carolina Community College Grant**

Students must be North Carolina residents enrolled for at least six (6) credit hours per semester in curriculum programs. Eligibility is determined based on the same criteria as the Federal Pell Grant; students not eligible for the Federal Pell Grant may be considered for the grant based on their expected family contribution as determined on the Student Aid Report. Students who have earned the baccalaureate (4 year) college degree are ineligible.

### **North Carolina Education Lottery Scholarship**

To be eligible, students must be North Carolina residents enrolled for at least six (6) credit hours per semester in curriculum programs. Eligibility is determined based on the same criteria as the Federal Pell Grant; students not eligible for the Federal Pell Grant may be considered for the grant based on their expected family contribution as determined on the Student Aid Report. Students who have earned the baccalaureate (4 year) college degree are ineligible. Applicants must complete the Free Application for Federal Student Aid (FAFSA) which is also used to qualify for Federal Pell Grants.

## **Child Care Grant Program**

Assistance with child care expenses from the Child Care Grant Program is contingent upon availability of funds for qualified students enrolled in eligible programs. Applications are available in the Financial Aid Office.

## **Self-Help Aid**

### **Direct Loans**

Direct Loans are low-interest loans for students to help pay for the cost of education after high school. The lender is the U. S. Department of Education and serviced by authorized institutions.

A Subsidized Loan is awarded on the basis of financial need. The six month grace period on interest charged on federal student loans has been suspended, meaning that interest will begin accumulating immediately after a student graduates. This will affect loans made between July 1, 2012 and June 30, 2014.

An Unsubsidized Loan is not awarded on the basis of need. Students will be charged interest from the time the loan is disbursed until it is paid in full. If students allow the interest to accrue (accumulate) while in school or during other periods of nonpayment, it will be CAPITALIZED – interest will be added to the principal amount of the loan, and additional interest will be based on the higher amount.

Students interested in the Direct Loan Program must complete the following:

1. Be admitted into an approved degree, diploma or certificate program, and be maintaining Satisfactory Academic Progress in that program.
2. Complete the FAFSA (Free Application for Federal Student Aid) for the current aid year.
3. Provide additional documents if requested by the Financial Aid Office. Sometimes FAFSA data is incomplete, or the US Department of Education selects a student for verification. If the Financial Aid Office needs additional information before determining your loan eligibility, please comply as quickly as possible.
4. Complete the Nash Community College Loan Confirmation Form available on the College's website.
5. Complete Loan Entrance Counseling. This can be done online at [www.studentloans.gov](http://www.studentloans.gov). Once you access this web site, select "Log In" on the right side of the page. If you have had a previous loan with Nash Community College or other institutions, you must complete this process again for the current aid year.

6. Complete the Electronic Master Promissory Note (MPN) at the secure Department of Education site at [www.studentloans.gov](http://www.studentloans.gov). Once you access this web site, select the option for “Complete Master Promissory Note.” If you have had a previous loan with Nash Community College or other institutions, you must complete this process again for the current aid year.
7. Review your Federal Stafford Loan balance and/or total debt by going to the National Student Loan Database System [www.nslds.ed.gov](http://www.nslds.ed.gov), print and attach a copy to your application. Your loan will not be processed if you do not include a copy of your loan summary.
8. Determine how much the student needs to borrow and the loan period. This will allow the student to complete the Loan Amount Requested and the Requested Loan Term on the Nash Community College Loan Confirmation Form. All loans come in TWO disbursements.

Student Type	Completed Credits	Subsidized	Unsubsidized	Annual Max (Sub+Unsub)
Dependent	Less than 33	\$3,500	\$2,000	\$5,500
Dependent	33 or more	\$4,500	\$2,000	\$6,500
Independent	Less than 33	\$3,500	\$6,000	\$9,500
Independent	33 or more	\$4,500	\$6,000	\$10,500

Note: Students enrolled in all pre-curriculum courses will be limited to borrowing at the first year level until they complete the required pre-curriculum courses.

9. Complete the Nash Community College Loan Confirmation Form ([www.nashcc.edu](http://www.nashcc.edu)) by December 1 for fall semester, April 15 for spring semester, and June 1 for summer term.
10. Attend and finish your classes. You must attend your classes to be eligible for the loan disbursements. If you withdraw or drop below half-time (6 credits) before your loan is disbursed, the funds will be returned to the Department of Education. Loan refunds (balances remaining after tuition and book charges are deducted) will be disbursed according to the refund method previously selected by the student using Heartland ECSI's RefundSelect portal. Refund dates will be posted on the Financial Aid web site.

Note: Transfer students will not be able to receive the full yearly award if they have already received a disbursement from another school.

### Loan Increase

If students want to increase their loan, then they must complete the Nash Community College Loan Increase Form. The student must specify the reason for the increase, and the reason must be in accordance to the requirements listed on the master promissory note.

The form must be completed by December 1 for fall semester, April 15 for spring semester, and June 1 for summer term.

### **Exit Counseling**

Students must complete exit counseling if they have either dropped below half time (less than 6 hours), have left the college due to withdrawing or have graduated. The Department of Education (regardless if the student plans to transfer to another school), regulations require that students complete an exit counseling session for their subsidized or unsubsidized Federal Stafford Loans.

The counseling session provides information about how to manage student loans after college and provides information on loan repayment. Exit Loan Counseling can be completed on the federal web site at [www.studentloans.gov](http://www.studentloans.gov).

You will not be allowed to reregister for classes or to request transcripts from the College until the exit counseling session has been completed.

### **Student Employment**

#### **The Federal College Work Study Program**

The Federal College Work Study Program provides part-time work in academic and administrative departments on campus for eligible students to assist them with paying part of their educational expenses while attending classes. Students must complete the "Free Application for Federal Student Aid" (FASFA), be enrolled at least half-time, and be making satisfactory progress in an eligible program. Applications are available in the Financial Aid Office.

### **To Maintain Eligibility for Financial Aid**

To remain eligible for financial aid, a student must satisfy requirements of the following policies:

#### **Satisfactory Academic Progress**

The Federal Student Financial Handbook states the following: "The regulations for satisfactory progress were initially published in October 1983 and were amended on December 1, 1987; April 29, 1994; and November 29, 1994. Every school participating in Student Financial Assistance (SFA) Programs must monitor its SFA recipients to ensure that they are meeting satisfactory progress standards."

Satisfactory Academic Progress will be calculated at the end of each academic term and will include all periods of enrollment.

In order to be eligible for financial aid, students must meet the following minimum guidelines:

- **Maximum Time Frame:** Students must complete an eligible program within a time frame not to exceed 1.5 times the normal published time frame. For example, if the academic program length is 70 credit hours, the maximum credit hours that may be attempted is 105 credit hours ( $70 \times 1.5 = 105$ ). The calculation of the maximum time frame includes all hours attempted at Nash Community College and transfer credits from other institutions.
- **Quantitative Standard:** Students must complete 67 percent of the total cumulative credit hours attempted. For example, if a student has attempted 50 credit hours, the student must earn credit for at least 33 hours ( $50 \times .67 = 33.5$ ). Course grades of AU, R/RT, W, WA, WF, WP, F, and I are not considered completions and will adversely affect a student's satisfactory academic rate calculations.
- **Qualitative Standard:** Students must maintain successful academic progress as defined by the Nash Community College catalog (1-36 hours attempted, minimum GPA of 1.5; over 36 hours attempted, minimum 2.0 GPA).

Students who fail to meet the minimum standards for Satisfactory Academic Progress at the end of the semester will be placed on financial aid warning. A student may continue to receive financial aid for one semester while on financial aid warning provided they are otherwise eligible. Students should use this opportunity to re-establish Satisfactory Academic Progress. If, at the end of the financial aid warning period, the student is meeting the minimum requirements for satisfactory academic progress, the financial aid warning is lifted.

Students who fail to make Satisfactory Academic Progress after the financial aid warning semester will be ineligible for financial aid until satisfactory progress has been met. A student may attend the next semester(s) (at the student's expense) in order to meet the minimum standards for Satisfactory Academic Progress.

## **Satisfactory Academic Progress (SAP) Appeals**

Students have an opportunity to appeal their financial aid if they are placed on financial aid suspension. Each student has a lifetime total of three times to appeal their aid. Students will be notified about their SAP status once grades are posted at the end of the semester and will receive a Satisfactory Academic Progress Appeal Form. Appeals will not be granted for previous semesters. Appeals can only be reviewed for the current semester for which the student is seeking enrollment. No appeals will be retroactive.

An appeal will be granted only if the student can document extenuating circumstances that prevent him or her from meeting the Satisfactory Academic Progress Standards. Appeals submitted without documentation will not be considered. Documentation may include, but is not limited to, one or more of the following: statement signed by a physician with dates of treatment/hospitalization verifying that the student's medical condition significantly impacted his or her ability to successfully complete the semester; death certificates or obituary; statement from employer on letterhead and signed by a supervisor, etc. Students must provide a typed explanation stating the reason(s) for their appeal. They

must indicate how their circumstances have changed so that they can comply with the policy in the future.

All appeals will be reviewed by the SAP Financial Aid Review Committee. The SAP Financial Aid Review Committee does not meet with students or supporting parties; therefore, it is important for you to provide all information requested on the SAP Appeal Form. The SAP Financial Aid Review Committee meets the first Thursday of every month. In order for the student's appeal to be reviewed by the committee, the appeal must be submitted to the Financial Aid Office by 12:00 noon on the Wednesday before the Financial Aid Review Committee meeting.

## **Financial Aid Policies and Procedures**

Financial aid award packages are based on current funding information from state and/or federal governments and are subject to change. Awards will automatically be posted to a student's account once all items that have been requested from the Financial Aid Office have been received and processed. Students must notify the Financial Office if they decide not to attend Nash Community College or if they choose to decline any funds awarded to them.

Financial aid funds are credited to the student's account at the beginning of each semester to be applied to eligible education expenses. Tuition, fees, and campus store charges are deducted from available financial aid funds. The financial aid office will verify class attendance for each financial aid student. Once attendance and enrollment status has been verified, the remaining award will be disbursed according to the refund method previously selected by the student using Heartland ECSI's RefundSelect portal.

A student must be enrolled in an eligible program to receive financial aid. Any classes taken outside of the student's current program of study may cause a decrease to his/her expected financial aid award.

A student cannot receive financial aid for classes completed by proficiency examination or classes that are audited.

If a student withdraws from all of his/her classes before the 60 percent point in the enrollment period, he/she will be required to repay a portion of the award to the US Department of Education. The student will need to make arrangements to repay this money within 45 days from the withdrawal date. The student should understand, as well, that they could possibly become ineligible for financial aid if they do not make arrangements to repay the money to the US Department of Education.

Financial aid recipients must renew applications each year to be considered for the upcoming academic year as outlined in "Applying for Financial Aid."

## **Lifetime Limit**

Effective with the 2012-2013 Award Year, a student's eligibility for Federal Pell Grant is limited to 12 semesters (or its equivalent).

## **Refunds and Repayment**

Refunds to students receiving Title IV federal funds will be handled in the same manner as specified in the institutional refund policy. The refund policy of the College shall be consistent with the North Carolina Administrative Code and may designate different refund specifications for curriculum and continuing education. Information regarding refunds may be obtained from the Business Office. A student may be required to repay a portion of the Student Financial Assistance (SFA) award if he/she withdraws from the institution or reduces his/her course load before the 60 percent point of the enrollment period.

## **Financial Aid Disbursement Options**

All eligible students whose financial aid has been processed will receive an email from Nash Community College's disbursement partner, Heartland ECSI. This email will direct the student on how to select the student's preferred refund method. Three options will be available for refund disbursement methods. If the student is due a financial aid refund, the funds will be disbursed using the student's selected refund method on a designated date each semester.

## **Late-Start Classes**

Students enrolled in late-start classes will have their disbursement reduced or will not receive a financial aid (Pell and/or Direct Loan) disbursement until the late-start classes have begun and attendance has been verified with the instructor through the 10 percent point of class. Please contact the Financial Aid Office for specific information regarding late-start classes.

## **Veterans Affairs**

A Veterans Certifying Official is available to assist veterans and eligible persons who wish to apply for VA educational assistance. Most programs being offered by the College are approved for training under the G. I. Bill. Application forms and information may be obtained from the Financial Aid Office or online at [www.nashcc.edu/va](http://www.nashcc.edu/va). The VA sponsors the following educational assistance programs for qualifying veterans and other eligible persons: Chapter 30, 31, 32, 33, 35, 1606 and 1607.

Students applying for VA benefits must meet curriculum program admission requirements. Please refer to the curriculum program admission section of the Nash Community College catalog.

## **In-State Tuition for Certain Veterans and Other Individuals**

Residency and the appeals process is now regulated by the State of North Carolina. The following message regarding the residency appeal process is required of all students, and is managed by the state:

The state of North Carolina partially subsidizes the cost of North Carolina public college and university tuition for all students whose domicile, or permanent legal residence, is in North Carolina. Residency determination establishes if students should have in-state or out-of-state tuition. Because North Carolina residency status is governed solely by North Carolina statute, lack of eligibility for in-state status in another state does not guarantee in-state status in North Carolina. The residency statute mandates only those who can demonstrate a minimum of twelve months of uninterrupted domicile (legal residence) in North Carolina are eligible for in-state tuition. The statute also places the burden of proof on the student to establish, by a preponderance of evidence, that they are a bona fide domiciliary rather than mere residents of North Carolina.

The Department of Veteran Affairs covers a percentage of in-state tuition for students who are eligible for the Post 9/11 GI Bill. Students that are being charged out-of-state tuition or do not have 100% eligibility will need to make payment arrangements for any remaining tuition balance.

For more information about residency, how it's determined, and the process for appealing residency status for the state of North Carolina, visit [www.ncresidency.org](http://www.ncresidency.org)

## **What Effects VA Benefits Eligibility**

It is the responsibility of the veteran to advise the VA Certifying Officer regarding program and enrollment changes. Failure to notify the VA Certifying Officer of these changes may result in termination of benefits at the end of the subsequent term upon receipt of the student's official grade report. Other factors that may create a loss or reduction of benefits are:

- Dropping courses
- Taking late starting classes
- Failing classes
- Taking hybrid or online coursework
- Taking courses previously passed, including by proficiency examination
- Being placed on Academic Probation I or Academic Probation II, or directed withdrawal.

## **Veterans Affairs (VA) Documentation**

VA regulations governing institution-approved training of veterans and or dependents of veterans require certain documents be on file with the Certifying Official prior to certification of enrollment. Certification will not be made until the VA Certifying Official receives all documentation. It takes approximately 60-90 days from the date of certification for benefits to start.

### **Required VA documentation are as follows:**

1. Nash Community College Admissions Application and all required curriculum program admissions documentation.
2. Completed application for VA benefits and all required supporting documentation, including, but not limited to the following:
  - a. Copy of DD-214 or National Guard form DD-2384, "NOBE", signed by the unit commander;
  - b. Copy of marriage certificate (for spouse);
  - c. Dependent children's birth certificate (if applicable) and;  
\*\*\* If VA benefits have been received for prior training at another institution, complete a Change of Program or Place of Training form (22-1955 for veteran and form 22-5495 for Dependents).

Each semester, after tuition and fees have been paid, all veterans and dependents of veterans are required to submit the Veteran Services Enrollment Form.

VA students will not be certified for benefits until the Certifying Official has received the Veteran Services Enrollment Form.

The VA does not pay the tuition and fees for students who are receiving Chapter 30, 32, 35, 1606, or 1607 benefits. These students will need to use financial aid, pay out of pocket, or set up a payment plan to prevent their classes from being dropped.

### **Chapter 33 & 31 VA Students**

After completing all of the proper steps for certification and having registered for classes, the VA Certifying Official will place a hold on Chapter 33 & 31 student's schedule to prevent being dropped from classes for non-payment.

### **Vocational Rehabilitation**

The Vocational Rehabilitation Program offers services as necessary to enable a student with a physical and/or mental disability to become self-supporting. Students should contact Vocational Rehabilitation Services at [www.ncdhhs.gov/divisions/dvrs](http://www.ncdhhs.gov/divisions/dvrs) to apply for education assistance.

## NCC Foundation Scholarship Endowments

Endowed scholarships are derived from the interest earned on the principal amount of a gift from the sponsor that has been invested for perpetuity. The college is honored these companies and/or individuals have chosen to establish these perpetual gifts of education.
