

# NCC Foundation Directors & Personnel

## **Nash Community College Foundation, Inc.**

The Nash Community College Foundation, Inc., a non-profit organization, was founded and chartered in 1983 to encourage and develop public and private support beyond and in addition to funds provided by county, state and federal sources.

Private contributions give the College a margin of excellence not provided by public sources, and private support strengthens and deepens the ties of interest existing between the College and the community.

The membership of the Foundation Board of Directors represents a broad segment of civic and community leaders of the Nash County area which the college serves
